

TRICORD SERVICES 2027

We look forward to working with you in 2027 and will be returning with the same services offered in previous years. For additional services not listed, please feel free to contact us; we are happy to assist where possible.

MATERIAL HANDLING

We will receive your shipments for storage up to 30 days before the show and deliver directly to your booth space. Service includes Advanced Shipment Receiving at the TriCord warehouse and Direct Shipment Receiving at the Weathertech Raceway Laguna Seca. Material handling services include empty container storage, post-show delivery of empty containers, and movement from your booth space to your freight carrier for your outbound shipment.

LOGISTICS ASSISTANCE

We are happy to connect you with one of our partner freight carriers for both your inbound and outbound shipments. If you are looking for shipping quotes, we will collect your shipping information and connect you with a carrier or provide a quote to you directly.

OUTBOUND SHIPMENTS

TriCord offers outbound shipment coordination for nationwide destinations. Exhibitors with international shipments will be connected with AirwaysFreight when booking an outbound shipment via the Official Show Carrier.

FURNITURE RENTAL

Standard furniture is available for your display needs.
Custom furniture is available on a case-by-case basis.

DISPLAY INSTALLATION AND DISMANTLE LABOR

If your team will not arrive in time to set up or if you need extra hands, our team is available to assist with installation and dismantle of your display.

FORKLIFT LABOR

This service is available to move material from a personal vehicle to the booth space or to move material within your booth.
